Such agreement by either party shall not be withheld arbitrarily or capriciously.
 - 1. The written adjustment between the Employer and the Federation shall specify which provisions of this Agreement shall be adjusted and how they shall be adjusted.
 - 2. Any such adjustment shall apply only to the programs specifically mentioned therein.

3. Within ten (10) working days after this hearing, the Director of Human Resources shall communicate his decision and the reasons therefore in writing to the Federation.

E. STEP THREE (Optional)

2. Within ten (10) working days after receipt of the request for an additional meeting, the Director of Human Resources shall arrange and hold a hearing with the Federation President and the Chairperson of the Grievance Committee.

2. The arbitration proceedings shall be conducted under the rules of the Federal Mediation and Conciliation Service or the American Arbitration Association by an arbitrator to be selected by the Employer and the federation within ten (10) working days after notice of the desire for arbitration has been received by the Director of Human Resources. If the parties cannot agree upon an arbitrator, they may file for arbitration by an arbitrator selected by the Federal Mediation and Conciliation Service or the American Arbitration Association from their list of arbitrators. Grievance resolution may also be sought, upon mutual agreement, through the services of the Michigan Employment Relations Commission.
3. The arbitrator shall hear the matter promptly and shall issue his decision not later than thirty (30) days from the close of the hearing.

Time limits may be extended by mutual written agreement of both parties.
6. A grievance may be initiated at any higher applicable level by mutual written agreement of both parties. The Federation may withdraw a grievance without prejudice and without establishing a precedent at any step of the procedure. No grievance withdrawn in this matter shall be reinstated.

7. No restraining, coercive, discriminatory, or retaliatory action of any kind shall be taken by the Employer against any party of interest, any Federation representative, or any official participant in the grievance procedure by reason of such participation.
8. All discussions with respect to the grievance shall be kept confidential by the parties involved during the procedural steps of the grievance, provided either party may release pertinent information to any or all personnel related to the grievance.

4. If any full-time Faculty member selects four (4) overload assignments for the Summer Semester, at least one (1) class selection assignment shall be from among the offerings outside the region to which the Faculty member is assigned.
5. The College shall assign each full-time Faculty member to a Regional Campus (also known as Home Base Campus) consistent with the criteria listed below. In the event of any conflict among the criteria listed below, priority shall be given to the various criteria in the order in which listed as follows:

A. ASSIGNMENTS FOR FULL-TIME FACULTY MEMBERS

1. Administrative Assignments
 - a. An Administrative Assignment shall mean the regional campus to which a full-time Faculty member is regularly assigned for purposes of maintaining office hours, receiving mail, reporting his absences, and other administrative functions.
 - b. All Administrative Assignments shall be made consistent with the General Principles enumerated in this Article.
 - c. Administrative Assignment Transfers shall be granted when the full-time Faculty member requests the transfer in writing to the appropriate Academic Administrator. Such requests shall be made no later than the end of the class selection assignment period for the subsequent academic year provided the staffing requirements of the College will allow such a transfer, and such transfer would not result in a conflict with any of the General Principles contained in this Article.
2. Class Selection Assignments
 - a. Seniority List
 1. At least fifteen (15) days prior to the first day of class(es) the College shall publish a department/discipline seniority list. The Federation shall receive a copy of this list as soon as it is published. This list shall rank the full-time Faculty members of

this discipline according to the number of years of discipline grouping seniority.

The published list shall be in chronological order with the names of full-time Faculty members and the number of years of department/discipline service, beginning with the Faculty member with the longest tenure and ending with the full-time Faculty member with the least tenure. Should the problem arise that more than one (1) Faculty member has the same number of years seniority, this problem shall be resolved by listing full-time Faculty members in question alphabetically, according to the surname listed as of the date of the most recent hire. Each semester, this alphabetical arrangement shall rotate so that each Faculty member first shall eventually have his name appear first on the list among those with equal seniority. The following semester the Faculty member whose name appeared first shall be placed last among those with equal seniority.

2. Notwithstanding the provisions of this Article, any layoffs shall be implemented according to Article XXVI, Reduction of Staff, on a College-wide basis.
 - b. At a discipline grouping meeting held within twenty one (21) days of the first rough draft of the schedule of classes, the appropriate Academic Administrator and her/his full-time Faculty shall jointly develop full-time Faculty assignments. These assignments shall be based on scheduling information as submitted by the appropriate Academic Administrator. Wherever possible, this information shall include all operative centers in the region, the anticipated number of sections to be offered and the proportion of classes to be offered in the morning, afternoon, and evening. This information will be available no later than May 1st of each academic year. The procedure listed below shall be followed in order to accomplish the above. All classes canceled and subsequently re-added or all new classes added shall be offered to Faculty for selection.
 - c. The full-time Faculty member whose name appears at the top of the discipline grouping full-time seniority list shall select two (2) classes from the listed schedule of classes he wishes to teach.
 - d. The criteria for inter-departmental/area teaching assignments, to complete a Faculty member's regular contractual obligation and overload, shall be those stated in Article XXIII(I)(A) and (B) of this contract. However, for those Faculty members certified to teach in a particular department/area prior to July 25, 1994, the criteria shall be a minimum of twenty (20) semester hours, at least nine (9) of which shall be graduate credits in the discipline to be taught or equivalent experience in occupational areas subject to the final approval of the Vice Chancellor Instructional

Accountability or successor title, or her/his designee. In order for a Faculty member to qualify under this provision, her/his certification prior to July 25, 1994 must be documented in a Faculty member's personnel file or be evidenced by an authenticated document issued by the Employer prior to December 31, 1994. The following requirements apply to categories of Faculty included in this provision:

2. An overload assignment may be selected for any semester at the regularly scheduled class selection meeting.
3. Any assignment or portion of an assignment selected by full-time Faculty in excess of their regular contractual obligation shall be deemed an overload assignment. Failure of any Faculty member to designate properly such assignments at the class selection meetings shall result in overload assignments being designated by the appropriate Academic Administrator.

f. A full-time Faculty member shall not be allowed to include, for assignment purposes stated above, more than two (2) night assignments as part of a regular contractual obligation. Notwithstanding the above, each full-time Faculty member must schedule his workload to be at an instructional center a minimum of three (3) days per week excluding Saturdays. Full-time distance learning faculty who select three (3) distance learning courses must select a minimum of two (2) day-time non-distance learning classes at her/his assigned home-base campus.

3. Conflicts arising between Faculty members and/or between Faculty members and the appropriate Academic Administrator shall be resolved by a written procedure established jointly by the appropriate Academic Administrator and the full-time Faculty members of the discipline grouping. In those situations where mutually satisfactory decisions cannot be made by the appropriate Academic Administrator and his full-time Faculty members, the Vice Chancellor Instructional Accountability or successor title or designated by the President or the Board of Trustees shall have final authority to make the decision. In such situations, the appropriate Academic Administrator and the Faculty members shall submit their respective reasons for disagreement.

4. Formal Grievances arising from this provision shall be initiated as soon as possible, but no later than ten (10) working days after the first day of regularly scheduled assignments.

 2. Within twenty one (21) days of part-time selection by instructors with one hundred (100) or more contact hours of seniority a second part-time selection will be held for the purpose of class selection by part-time instructors with fewer than one hundred (100) contact hours, consistent with the provisions of sub-article F(10) and (11).
 3. The appropriate Academic Administrator shall make reasonable attempts to offer remaining or subsequently available class assignments to qualified part-time Faculty members, on a seniority basis, who did not acquire a teaching assignment before making an assignment to other qualified persons.
- c. In all cases of equal seniority, order of priority shall be determined by alphabetical order.
- d. Should a part-time instructor fail to appear for class selection for two (2) consecutive terms to which he was invited, the Employer may remove said instructor's name from the seniority list for class assignments.
- e. Formal grievances arising from the above provisions in this section shall be initiated as soon as possible but no later than ten (10) working days

after the first day of regularly scheduled classes. The only relief that shall be required of the Employer in any resolution of these grievances shall be the placement of the Faculty member in an assignment for the next regular semester.

 1. A regular part-time instructor who has taught up to twenty (20) hours for the Employer and who is removed from the seniority list shall be provided with a reason in writing for such removal. He shall be allowed an opportunity to discuss the reasons with the appropriate Department Head; he may appeal the action of the Department Head to the appropriate Dean and may appeal the decision of the Dean to the Vice Chancellor Instructional Accountability or successor title. The appropriate Dean shall inform the Federation of the removal. A regular part-time instructor who is removed from the seniority list under this provision shall not have recourse to the grievance procedure because of that removal.
 2. A regular part-time instructor who has taught more than twenty (20) hours but less than seventy five (75) hours for the Employer and who is removed from the seniority list, shall be provided with a reason in writing for such removal. C. ASSIGNMENT AFTER CANCELLATION AND LIMITED BUMPING

1. If a full-time Faculty member loses a class (base load or overload) through cancellation, then he/she may either bump any part-time Faculty member who is assigned to a class which the full-time member is qualified to teach, or, at her/his option, replace the class lost through cancellation with a class from the unselected classes.

2. If a part-time Faculty member who has taught more than one hundred (100) hours loses a class through cancellation or as a result of being bumped by a full-time Faculty member, he/she may do one of the following:

Part-time Faculty members who have taught more than one hundred (100) hours shall then have the option to select from the remainder of these classes to replace classes lost through cancellation. 1. A distance education course delivered by the District, delivered under its auspices, or received by the District, shall be subject to initial approval, review and re-approval of the Dean of Distance Education and appropriate Academic Administrators in the departments traditionally responsible for instruction of the subject matter and/or content of the distance education offering. In those situations where a mutually satisfactory decision cannot be made, the Administrator of Distance Education, the campus assistant deans, or Faculty members may seek the approval of the Vice Chancellor Instructional Accountability or successor title who shall have the final authority to resolve disagreements by approving or withholding approval of distance education curriculum.
2. The District agrees that distance education shall not be offered or received by the District so as to cause the layoff of Bargaining Unit members. If a Faculty member has refused to teach a distance learning class or be trained in distance learning; another Faculty member, qualified to teach the class, will be asked.
3. An instructor shall not be required to teach a course by means of distance education. Instructors desiring to teach a distance education course shall be afforded the opportunity to do so based upon the course assignment policies of the instructor's division/department and relevant provisions of the Collective Bargaining Agreement, provided that the instructor satisfactorily completes the required training or has demonstrated to the Dean of Distance Learning, prior to class selection, proficiency in the specific delivery system(s) (E-learning, Telecourse, ITV, Internet) in which the instructor desires to teach. While not required, training in distance education delivery system technology is strongly recommended to all full-time and part-time Faculty members.
4. The District shall, throughout the development and delivery of a distance education course, provide the institutional and technological support services, support systems, support personnel and instructor training in the relevant technology(ies), as determined necessary by the Administrator of Distance Education, the appropriate Academic Administrator (CADI) and the Faculty members in the division/departmental offering the course. Where the Administrator of Distance Education, the appropriate Academic Administrator (CADI) or the Faculty members involved disagree, the Vice Chancellor Instructional Accountability or successor title shall have the final authority to

determine how and to what extent the District will comply with the requirements of this section.

5. An instructor who is the first Faculty member to be approved to develop a particular distance education course shall be allowed three (3) hours of release time to develop such course and shall have priority to teaching the course that he/she develops for a period of four (4) consecutive Fall and Spring semesters immediately subsequent to its development, up to the limits of the instructor's contractual teaching load and the contractual limits relative to extra-contractual teaching. An instructor who is not the first to develop a distance education course shall receive no release time or extra compensation for developing such course.
6. Evaluation of instruction in a distance education course shall be in accordance with Article XX of the Collective Bargaining Agreement.
7. A distance education course offered by the District and the materials developed to meet the requirements for District approval of a course (course description, goals objectives, and syllabus) are considered the property of the District. Any materials developed to teach, support and/or deliver distance education instruction by an instructor shall be the property of the District, whenever the instructor has received release time.

C. Compensation

1. An instructor preparing a distance education course shall not be remunerated beyond his/her normal compensation.
2. The number of weekly instructor-student contact hours of any distance education course shall be used to determine its portion of an instructor's contractual teaching load or in calculating extra-contractual compensation, provided the number of weekly instructor-student contact hours for the distance education course does not vary from that of the course as taught in a traditional delivery mode.
3. Instructors who choose to teach distance-learning courses can use the District's available technical resources for support and/or administration. If a Faculty chooses to teach a distance learning course from his/her home or elsewhere, he/she will be responsible for any necessary computer hardware and required distance-learning connections (internet or otherwise). The District will provide to the instructor any required software that is necessary to teach the course, directly or indirectly.

D. Pilot Mentoring Program

The District will establish a Pilot Mentoring Project for the two semesters following the ratification for the Collective Bargaining Agreement. Under such program, the District shall allow two (2) full-time instructors with expertise in distance learning three (3) hours each of release time for the purpose of mentoring Faculty members who have chosen to participate in and teach classes using distance learning technologies. It is contemplated that the pilot project will involve, among other things, meeting with designated Faculty members and being generally available to assist them in designing, instituting and managing distance learning

courses. As part of the pilot project each of the mentors will be required to make a presentation for all interested Faculty in each semester of its operation. At the end of the two (2) semesters the College and the Federation will discuss the potential continuation of the project.

- E. Full-time distance learning faculty will be required to schedule a minimum of two (2) days per week at an instructional center during any summer semester.

Faculty Mentoring Program:

Providing a Legacy of Faculty Leadership at Wayne County Community College District

Introduction

Given the large number of part time faculty members at Wayne County Community College District, this proposal is to initiate a mentoring program involving experienced full time faculty, Peer to peer mentoring is intended to be a useful way of helping part time faculty members adjust to the community college environment, acclimate to teaching a variety of modalities, and facilitate overall connectedness to the community college. The most important tasks of a good mentor are to help both new and current part time faculty members achieve excellence and to acclimate to WCCCD.

Although the role of mentor will be an informal one, it may pose a challenge because it requires dedication and time. A good relationship with a supportive, active mentor, however, has been shown to contribute significantly to a part time faculty member's career development and satisfaction.

The Responsibility of the Full Time Faculty Mentor

The full time faculty mentors will be assigned a list of part time faculty and then contact the faculty members on a regular basis over at least two years. The mentor will provide informal advice to the faculty members on teaching and learning strategies, serving on committees, assessment planning and implementation, classroom management, syllabi development and review, new course or program development, and distance learning opportunities. The mentor will treat all interactions and discussions in confidence. There will be no evaluation or assessment of the part time faculty member on the part of the mentor, only supportive guidance and constructive feedback.

The Responsibility of the Part time Faculty Member

The part time faculty member will keep his/her mentor informed of any problems or concerns as they arise. The part time faculty member will have an opportunity to assess the relationship with the full time faculty each year during the formal mentoring period.

Qualities of a Good Mentor

Accessibility – the mentor is encouraged to make time to be available to the part time faculty member. The mentor might keep in contact by dropping by, calling, sending e-mail, or extending a lunch invitation. It is very helpful for the mentor to make time to read / critique syllabi, course assignments, and examinations to provide periodic reviews of progress.

Networking – the mentor should be able to help the part time faculty member establish a professional network.

Independence – the part time faculty member's intellectual independence from the mentor must be carefully preserved and the mentor must avoid developing a competitive relationship with the part time faculty member.

Goals for the Full time Faculty Mentor

Short-term goals

Familiarization with the campus and its environment, including the WCCCD multi-campus community college.

Networking—introduction to colleagues, identification of other possible mentors.
Developing awareness—help part time faculty understand policies and procedures that are relevant to the faculty member's work.

Constructive criticism and encouragement, compliments on achievements.

Helping to sort out priorities—budgeting time; balancing teaching, student engagement, and service.

Long-term goals

Developing visibility and prominence within the profession.

Achieving career advancement.

Building a legacy of faculty leadership.

Benefits for the Full time Faculty Mentor

Satisfaction in assisting in the development of a colleague

Ideas for and feedback about the mentor's own teaching / scholarship

A network of colleagues who have passed through the program

Retention of excellent faculty colleagues

Enhancement of department quality

Changing Mentors

In cases of changing commitments, incompatibility, or where the relationship is not mutually fulfilling, either the part time faculty member or mentor should seek confidential advice from his/her Campus Chief Academic Officer. It is important to realize that changes can and should be made without prejudice or fault. The part time faculty member, in any case, should be encouraged to seek out additional mentors as the need arises.

Specialty Pharmaceutical Drugs – The mail order pharmacy for **specialty drugs** is Walgreens Specialty Pharmacy, LLC, an independent company. Specialty prescription drugs (such as Enbrel[®] and Humira[®]) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. Walgreens Specialty Pharmacy will handle mail order prescriptions only for specialty drugs while many network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Medco. (Medco is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com. Log in under *I am a Member*. If you have any questions, please call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a **90-Day Retail Network provider** or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the initial quantity of select specialty drugs. Your copay will be reduced by one-half for this initial fill (15 days).

Features of your prescription drug plan

BCBSM Custom Formulary	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the formulary is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> ▪ Tier 1 (generic) – Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay, making them the most cost-effective option for the treatment. ▪ Tier 2 (preferred brand) – Tier 2 includes brand-name drugs from the Custom Formulary. Preferred brand name drugs are also safe and effective, but require a higher copay. ▪ Tier 3 (nonpreferred brand) – Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay for these drugs.
Prior authorization/step therapy	<p>A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring prior authorization) will be covered. Step Therapy, an initial step in the Prior Authorization process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require prior authorization. Details about which drugs require Prior Authorization or Step Therapy are available online at bcbsm.com. Log in under <i>I am a Member</i> and click on <i>Prescription Drugs</i>.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by a network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug plus your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonpreferred brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay.</p> <p>Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>

<p>Drug interchange and generic copay waiver</p>	<p>BCBSM's drug interchange and generic copay waiver programs encourage physicians to prescribe a less-costly generic equivalent.</p> <p>If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay. In select cases BCBSM may waive the initial copay after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver.</p>
<p>Quantity limits</p>	<p>To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits. A list of these drugs is available at bcbsm.com.</p>

Optional riders

<p>Rider CI, contraceptive injections Rider PCD, prescription contraceptive devices Rider PD-CM, prescription contraceptive medications</p>	<p>Adds coverage for contraceptive injections, physician-prescribed contraceptive devices such as diaphragms and IUDs, and FDA-approved oral, or self-injectable contraceptive medications as identified by BCBSM (non-self-administered drugs and devices are not covered).</p> <p>Note: These riders are only available as part of a prescription drug package.</p> <p>Riders CI and PCD are part of your medical-surgical coverage, subject to the same deductible and copay/coinsurance, if any, you pay for medical-surgical services. (Rider PCD waives the copay/coinsurance for services provided by a network provider.)</p> <p>Rider PD-CM is part of your prescription drug coverage, subject to the same copay you pay for prescription drugs.</p>
